

Sterling's Monthly Message February 1, 2019

Learn, Grow, Connect

Thank you for spending your time reading The One & Only Ivan alongside our school family. It's quite special hearing all the conversations happening throughout the building!

Here are a few comprehension questions you can use w/any literature text at home

- What do you think will happen next?
- How do you think (character) will react?
- How would you feel if that happened to you?
- What would you have done if you were the character?
- What pictures have you been seeing in your mind?
- Can you predict what will happen next?
- What does the main character want to happen?
- How do the illustrations explain what is happening in the story?

Building News

Goal Getters: Each month Sterling students participate in Data Day during our GOAL Time. Teachers guide students in analyzing data from recent assessments which leads to setting specific goals for improvement. Students chart their progress in notebooks and we chart the school's progress on our WIG Wall. As a building we continue to meet our behavior goal of being safe, responsible and respectful students. When we fall short of our math or reading goal our teachers use collaboration time to identify successful strategies and plan interventions for students needing an extra boost. It truly is a "leave no learner behind" environment!

"When the bell rings a student has met their goal."
